

und-up of Localities.

Jim PILE, County Surveyor elect of this county, did not wire pull for nomination—in fact did not want office, but his friends told him he proposed to saddle the office on him, and cinch it tight—peaceably preferred, but would fasten it on him if necessary, and it was a waste of time and muscle to kick a buck, so Jim accepted the nomination and got the office by forty majority, and never baited his hook with promises, to catch votes, as he believes in making the promises after election, and this is the program that he now promises to carry out: By newly discovered principle that can be applied successfully in addition to the ordinary methods of surveying and Jim is the discoverer of the new principle) water can be made to run uphill by its own force by a system of zig zags, sharp turns, acute angles and gentle curves. A consideration of the rotundity of the earth and the attraction of gravity furnished the principle that unlocked the door of the chamber, the inner door of which opens into the silent hall wherein this newly-discovered principle has been lying dormant since the seventh day after which the Creator rested after creating all matter and laws of matter. New discoveries must have scientific latin names, appropriate, plain and explanatory of the combined scientific principles rounded-up, carried and lassoed, and the methods employed in the accomplishment of the end in view, so we'll call Jim's discovery, as used in surveying, (which is in revised editions of the principles heretofore employed in addition to the new, including geodetic surveying) geodetic-rotundity, zig-zag et similitudo zig-zagium, de vicio sicutum hullo knocum gravium forciositi uphillicum forcium which explains how the attraction of gravity is to be overcome and the waters of a stream be forced to run uphill, the discovery of which principle has heretofore been considered utterly impossible as the missing link that makes perpetual motion impossible, and Jim's discovery will cause wilder excitement and more widespread, favorable and thickly-routing comment than would the announcement that Keeley's motor is grand success. The first work that efficient, able and scientifically competent surveyor will do will be to dam the waters of either Crooked or Payette river over the mountain and to the Basin. This for the benefit of the miners. Then he will cause the waters of Payette and Squaw to run up hill to the ranches and said streams and to be used for irrigating and other purposes. When he will double the size of every man's farm by an ingenious survey without conflicting with the land of Uncle Sam. His surveying apparatus is plain and simple. He will use no theodolite—just simply a surveyor's "stick and rule," "small picaure"—seventeen "ems" to a line, and stick and rule to be adjusted to any kind of surveying. The instruments themselves are simple in mechanical construction, but what our surveyor will accomplish with them the way of surveying will be so extremely grand and a stunner to all the scientific minds of the first magnitude.

Both parties claim the State of New York, and both parties in Idaho claim the Delegateship. The official count will have to decide the question in New York, and we'll not know who is Idaho's next Delegate until the returns are received from Shoshone county, and may be not yet. We may not know until the official count is made.

CALIFORNIA gave Blaine 10,000 majority.

NEVADA Republicans elected their Legislators, and Jones will be returned to the Senate.

If Cleveland has carried New York he is elected. If not, Blaine will be our next President.

W. J. THOMPSON, member of the Elmira Company, left the other day for Elmira, N. Y.

O. A. DUQUETTE and a portion of his family paid a visit to the capital last week.

RALPH GOODLIFFE and Fred. Archambault, who have been in town the past few days, will return to Banner to-day.

A NUMBER of Democrats here have been trying to get bets taken the past few days on New York, but without success. The Republicans have given up the Empire State as gone—for Cleveland.

SEVERAL of the Bannerites are down—Mr. and Mrs. Chas. Webb, Henry Clifton, Ralph Goodliffe, Jake Garrecht and we don't know who all. Mr. and Mrs. Webb will not return to Banner until next season.

MISS ELLA WHITE, sister of Nelse White, of this place, took her departure last Saturday for Colorado, but may not get that far. Miss White is a telegraphic operator, and if she can find employment in any office this side of Colorado, will not proceed any further.

A Lost River correspondent in the Eagle Rock Register says:

"The towns of Cliff and Houston are improving rapidly, there being some sixty buildings in the former place and about the same number in the latter. The number of inhabitants is also about equal, there being between two and three hundred in each place."

FOLLOWING is the vote for Delegate in the principal Wood River towns: Ketchum—Hailey 184; Singiser—181; Bullion—Hailey, 104; Singiser, 107; Bellevue—Hailey, 188; Singiser, 126; Vienna—Hailey, 66; Singiser, 50; Hailey—Hailey, 305; Singiser, 213; Taylor, the Independent candidate, received 11 votes in Ketchum, and 14 in Bellevue.

THE forefinger of Jas. Constable's right hand was amputated six or eight weeks ago, and since then Jim has had a severe time of it. Took erysipelas in the hand, and continually entertained an unwelcome guest—excruciating pain. A few days ago the pain skipped out and Jim will soon regain the twenty pounds he lost soon after losing the finger, but it will be sometime before what is left of the finger will be entirely well.

LUTHER CORWIN gives it up that he didn't win. But he's as jovial and happy as ever, all the same. Luther says New York and West Virginia have played h—ob with him and the Republican party generally. A good many flop over to the winning side, but Luther says he's a stronger Republican now than ever—was a little streaked with Democracy in county election last Tuesday—but counts himself a Repub. henceforth and forever more, pure and unadulterated.

THE Keystone says the vote in Ketchum was not as large as was generally expected it would be, owing in part to the fact that quite a large number of those registered there were out in the hills and did not come to town; a number, also, lost their vote by not having their transfers recorded, evidently laboring under the impression they could vote by simply producing the transfer. There were 491 names on the register list besides a number of transfers, and there were 391 votes polled.

REPUBLICAN, SUNDAY: The grading on the Boise branch is progressing slowly.—Considerable money has changed hands in Boise on the election.—Died.—In Boise Valley, Nov. 3d, Hon. H. J. G. Maxon. He was an old resident of Idaho, and leaves a large circle of friends and relatives.—Bear Lake and Cassia are the only counties that will send polygamists to the Legislature this winter. Idaho is progressive.—A dispatch from Jay Gould complimenting Cleveland on his election was received here at one P. M. yesterday, which caused quite a sensation and some more betting.—A dispatch received yesterday morning from New York says both parties claim a majority; each party accuses the other of practicing fraud. Business is suspended, and the streets are crowded with partisans carrying banners. Trouble is feared.

FOLLOWING are the names of those elected in Owyhee county on Tuesday last, as county officers; also majority of each: For the Assembly, Dave Adams, (Rep.) 38 majority; C. M. Hays, (Rep.) District Attorney, 310 votes; Guy Newcomb, (Rep.) Sheriff, 4 majority; Jas. Lynam, (Dem.) Recorder and Auditor, 160 majority; J. H. Wickersham, (Dem.) Probate Judge, 152 majority; W. S. Harley, (Dem.) Assessor, 54 majority; W. F. Sommercamp, Jr., (Dem.) Treasurer, 17 majority; John Scales, (Dem.) Tim Shea, (Dem.) and Wm. Hamilton (Rep.) were elected County Commissioners by the following vote: the first, 198; the second, 201, and the last 195; Al. Meyers, (Dem.) Constable of Silver City precinct; R. S. Hawes, (Rep.) Justice of the Peace for Silver City precinct; D. H. Belknap, (Dem.) Coroner, and Frank Hullett, (Rep.) as Surveyor. The election was very close among some of the candidates, and considerable scratching was done by both Democrats and Republicans.—[Avalanche.

Mr. and Mrs. John W. Reel gave a social party at their residence last Thursday evening, and all hands had a jolly time. The WORLD was invited, but as the paper had to be printed that night, we could not put in an appearance at the party. Following are those who were there: Ladies—Mrs. Warren Taylor, Mrs. Jas. McIntyre, Miss Mary Tomms, Miss Mary Mautz, Miss Carrie Bradford, Miss Hattie Foster, Miss Julia Foster, Miss Rosa Foster, Miss Clara Garrecht, Miss Anna Martin, Miss Amelia Jones, Miss Ella Taylor, Miss Emma Jones. Gents—Jas. McIntyre, Geo. Baldwin, Green Martin, John Donahue, George Cartwright, Louis Garrecht, John Garrecht, Fred. Garrecht, A. P. Jones, Robt. Davis, Julius Mautz, Frank Simpson.

As far as heard from Wall and Brearly ran as follows in Alturas county: In Ketchum, Wall received 175 votes and Brearly 168; Bullion—Wall, 187; Brearly, 27; Bellevue—Wall, 254; Brearly, 205; Vienna—Wall, 48; Brearly, 65; Hailey—Wall, 275; Brearly, 227.

THE stages now leave for Boise and Quartzburg at 7 o'clock A. M. Mails will be two days from Boise to the other side until next May. Have been going through in one day since last May.

LUTHER CORWIN, speaking of the Presidential election, jestingly says: "I'll tell you what, boys; the only way to beat 'em now is to count 'em out, by gravy!"

THOS. BARRY, SEN. has been quite sick for several days—took a severe cold and has been confined to his bed. He is improving and will be up in a few days.

YANK HALL, of Squaw creek, came in the other day with a load of chickens and grain.

The anti-Mormon county ticket of Oneida was elected.

THE official count of the vote of this county will be made to-day.

JOHN REAGAN and one or two of the Garrecht boys started from here Sunday with a band of milk cows to be wintered on Squaw creek.

WE are reliably informed that work on the railroad will be completed to Huntington by the 10th of next month. Everything is progressing nicely at the front, and if the present favorable weather continues the Oregon Short Line and Oregon Railway and Navigation companies will no doubt meet before that time.—[Bedrock Democrat, Oct. 29th.

SUFFICIENT returns have been received to show that there has been a revolution in Alturas county; that the old things have passed away, and a new era commenced. The "Ring" which has dominated Alturas affairs has been "busted" to the foundation. It has for two years ruled with a rod of iron, and created a reign of terror over both Republican and Democratic parties.—[Inter-Idaho.

No two papers in Idaho agree on the vote received by Hailey and Singiser in Oneida county. Singiser is given a majority of 10 by the Statesman, 150 by the Republican, and the Democrat gives Hailey 425. The News-Miner of the 9th says Singiser has 110 majority in Custer county, with three small precincts to hear from. The Republican puts Singiser's majority in Lemhi at 125, but no other paper has heard from that county. The Alturas returns are not complete. Shoshone county has not been heard from. So far, Hailey is ahead, but there is no telling what Shoshone county will do. Both Hailey and Singiser feel confident—each that he is elected—at least each has expressed himself that way.

Territorial Election. The Territorial election returns come in slowly. As far as heard the vote stands as follows:

COUNTIES.	HAILEY'S MAJORITY.
Ada	57
Alturas	200
Bear Lake	394
Boise	46
Cassia	150
Owyhee	66
Washington	175
Idaho	25

SINGISER'S MAJORITY	
Custer.....	11
Kootenai.....	24
Lemhi.....	12
Oneida.....	15
Nez Perce.....	25

This leaves Shoshone county to hear from. The official count may somewhat change the above figures, as the full returns have not yet been received from some of the counties.

LIST OF LETTERS

Remaining in the postoffice at Idaho City on the 30th day of Oct. which, if not taken out in 30 days, will be sent to the dead letter office:

J. Alleman, Jas. Boughton, 2; Mr. Elrott, John Fitzgerald, Miss Ida Koffman, James Mellen, John Medgen, Dr. Nickle, Isaac Miller, H. M. Story.

Persons calling for any of the above letters will please say "advertised." S. C. SILSBY, P. M.

TUTT'S PILLS

25 YEARS IN USE. The Greatest Medical Triumph of the Age!
